PMI Bangalore India Chapter is proud to bring to you the 14th edition of Project Management Practitioners’ Conference, the PMPC 2019, with a theme of **ARCHITECTING PROJECT MANAGEMENT for Embracing Disruptions**. The Chapter is the 2nd largest PMI Chapter in the Asia Pacific region and two-time winner of Best Chapter Award for Outreach and Member Services. The Chapter was also a finalist for Best Chapter Award among large category in 2017 and 2018. The Project Management Practitioners’ Conference launched in 2006 has evolved into a multi-track thematic event with ample learning and networking opportunities during every minute of the conference. Multi-Disciplinary model built around PMI Talent Triangle helps professionals across diverse industries, segments and experience levels.

“Disruptions” - in technology, in how work is done and managed, in every facet of our daily lives, you name it and disruptions is galore all over the world. With this comes its own intricacies, nuances and challenges of management. Right from managing technology to people’s expectations at work place, customers expectations of what and how their needs will be fulfilled by business entities is a real and live. Agility, Analytics, Big Data, and Blockchain have made inroads into every industry, and have become an integral part of the professional landscape.

Project management professionals must ride the ripples and waves that these disruptive forces create. A flexible mindset, willingness to embrace the changes of disruption and most importantly the deftness to adapt and learn from the environment is the key to ride high on these waves.

This edition of PMPC - ARCHITECTING PROJECT MANAGEMENT for embracing disruptions... will bring you successful stories of how individuals and organizations have embraced disruptions at their workplaces. These insights are grouped into three categories – Digital Transformation, Sustainable Development and Exploring the Unexplored.

**PMPC 2019 aims to bring thought leaders, industry experts and professionals on a great platform to discover strategic forces that would shape industries, core skills in leading people and advancements in project management practices focused on Embracing Disruptions...**

**Project Management Practitioners**
- PMI Members
- PM Certification holders
- Decision Makers / Managers in IT, Government and other industries
- Business Executives and aspiring leaders
- Students and Faculties from Academic Institutions and Education Providers
